

# Device Policy

Northwind Technologies Pvt. Ltd. - Information Technology Policy

| Document ID                | Version     | Effective Date | Status       |
|----------------------------|-------------|----------------|--------------|
| IT-DEV-002                 | 3.0         | 2025-02-15     | Active       |
| Owner                      | Approved By | Classification | Review Cycle |
| Head of End-User Computing | CISO        | Internal       | Annual       |

## 1. Company-Issued Devices

- 1.1 Laptops are issued with full-disk encryption, endpoint protection and the corporate management agent. Users must not disable or uninstall these tools.
- 1.2 Standard refresh cycle is 4 years. Devices must be returned to IT on separation.

## 2. Bring Your Own Device (BYOD)

- 2.1 Personal smartphones and tablets may access email and Teams only after enrolment in Endpoint Manager (MDM).
- 2.2 Personal laptops are not permitted to connect to the internal network or store company data.

## 3. Security Controls

- 3.1 Automatic screen lock after 5 minutes of inactivity.
- 3.2 USB mass storage is blocked by default. Exceptions require approval from the Security Team via ServiceNow.
- 3.3 Operating system and critical security patches must be installed within 14 days of release.

## 4. Lost or Stolen Devices

- 4.1 A lost or stolen device must be reported to the IT Service Desk (ext. 4357) and security@northwind.example within 1 hour of discovery. IT will remotely lock and wipe the device.
- 4.2 Theft must also be reported to the police and a copy of the FIR provided to IT within 48 hours.

## 5. Acceptable Use

- 5.1 Company devices are for business use. Limited personal use is allowed provided it does not breach the Code of Conduct (HR-COC-003) or Security Policy (IT-SEC-003). Installation of unapproved software is prohibited.
